

ResistNet's ObamaCare August Recess Health Care Blitz

ResistNet In Action!

Help Send A Strong Message To Your Members Of Congress During Their Recess AND Deliver Hundreds Of Thousands Of Grassfire Petitions!

Overwhelming grassroots pressure has prevented Obama, Pelosi and Reid from fast-tracking final passage of their government-run ObamaCare plan before the August recess. But now our real work begins!

All this month, Obama and his Democratic cohorts are campaigning for ObamaCare all across the country. Members of Congress will be holding hundreds of town hall meetings with their constituents. Now is the time to Resist and push back. In fact the resistance has already begun. See what happened to Senator Specter when he supported ObamaCare:

Grassfire is encouraging our ResistNet members to attend and participate in each and every town hall meeting this August. In fact, we want YOU to help us deliver hundreds of thousands of citizen petitions directly to members of Congress at these meetings and other appointments with members in August.

STEP ONE: Identify Your Local Town Hall Meetings

Our ResistNet state leaders are working to identify every town hall meeting. These events will be posted at the top of your state's ResistNet home page.

[Visit your ResistNet state home page to find events in your area.](#)

http://www.resistnet.com/notes/ResistNet_State_Groups

If you are not a member of ResistNet, join here: <http://www.resistnet.com/>. Also, be sure to join your state group.

STEP TWO: Call your members of Congress

If a town hall meeting is listed, call your member(s) of Congress and let them know you will be attending. If there are no town hall meetings listed, call your Senators and Reps now and find out when they are holding town hall meetings. If they are not holding a town hall meeting, tell them you are disappointed and then request an appointment with the Member or a staffer at the office closest to you. (If they reject even that, then notify them of the time you will arrive!)

[Contact numbers for Congress :](http://www.congressmerge.com/onlinedb/index.htm)

[\(http://www.congressmerge.com/onlinedb/index.htm \)](http://www.congressmerge.com/onlinedb/index.htm)

STEP THREE: Post Town Hall events on your state group page

If you identify a town hall meeting or set up an appointment that is not listed on your ResistNet state group page, post that event in the Forum for your state group and notify the state group leader directly through ResistNet.

STEP FOUR: ATTEND A MEETING AND DELIVER PETITIONS!

Grassfire wants every member of Congress to receive a set of Grassfire's "No to Socialized Health Care" petition. We need ResistNet members to deliver Grassfire petitions to their senators and representatives. Grassfire will print out the petitions and have them sent via Fed-Ex to your address. THIS PROCESS WILL BE COORDINATED THROUGH YOUR STATE GROUP LEADER so that we avoid duplication of printing of petitions.

** Don't forget give feedback. Please post videos of your town hall event here on ResistNet.

Here are your talking points for when you attend events:

Talking Points

- 1) I oppose the President's socialized healthcare plan.
- 2) Don't take my health care hostage. I want to make the best choices concerning my healthcare.
- 3) Eighty-four percent of Americans say they don't want Obamacare or any form of socialized healthcare.
- 4) I do not want the government to have more control and influence over my health care. That is why I reject the so called "public option" which is really socialized health care and will destroy private options.
- 5) Americans cannot afford the \$1.5 trillion price tag of socialized health care during these difficult economic times. I flatly reject any health care proposal that increases costs or imposes new taxes on any American.
- 6) The keys to a consumer-centered health care system:
 - a. Competition
 - b. Market Incentives to Control Cost and Improve Services
 - c. Price, Quality, and Value
- 7) America's healthcare system is in desperate need of substantial reform. Policy makers should take decisive steps to move today's bureaucracy driven, heavily regulated third-party payment system to a new patient-centered system of consumer choice and real free-market competition.
- 8) Look at the evidence: the TennCare plan in Tennessee and the government run health care plans from Hawaii and Massachusetts were deeply flawed and have failed. Universal healthcare is a bad idea that will end up devastating our nation.
- 9) What is exactly covered under Obamacare? Please be specific.
- 10) Have you ever been treated in a Veteran's hospital? Ask a veteran if they are happy with government run health programs, they wait months for substandard, low quality service. Our veterans and citizens deserve better.
